

Cardholder request for ALTO MasterCard[®] prepaid consumer card

Fraud Prevention

Unity Trust is required by law to validate the identity of all cardholders on accounts held with the Bank. So that we can meet these requirements we will undertake searches with the appropriate agencies to prove ID and residence for any cardholders where we have not already completed this validation. The agencies used will record details of the search type and keep these details on their records for twelve months whether or not this application is accepted. Any information held may be used for identification purposes, credit assessment, debt tracing, the prevention of money laundering. Should these searches be unsuccessful, we will need to contact you to request documentary proof before we can proceed.
